

# Why aren't we Australia's renewable energy capital yet?

**73% of West Aussies want a Renewable Energy Target.**

WA has more sun and wind than anywhere else in Australia.  
It's time for the WA Government to set a Renewable Energy Target -  
so we can lead Australia, and the world.

**Energy security, made right here in WA.  
Now that makes sense.**

WA needs a Renewable Energy Target

# West Australians support a Renewable Energy Target.

## It's time for the WA Government to set a Renewable Energy Target.

A Renewable Energy Target will deliver:

- ⦿ energy made here in WA
- ⦿ cheaper, cleaner and more reliable power for Western Australians

## A Renewable Energy Target will strengthen WA's energy security.
